Pax Kultura Residency

A transdisciplinary platform for reflection, innovation, and connection, encounter between the arts, culture, and peace.

- An artistic project refers to Malta, and includes direct collaboration with a local artist
- Workshops for students, local artists and interested persons
- A network across physical borders, artistic disciplines and demographic constrains

culture → reconnect people

Yellow Wasabi

New media musician graduated from Master of Biology.

Share scientific knowledge and aesthetic experiences through multimodalities and make art & sciences accessible to all.

sciences & arts → better world

Research of sounds & islands in Malta (1/5)

Rocky Beach, Sliema

Little pools in chain – connective sound；　Waves – violent sound

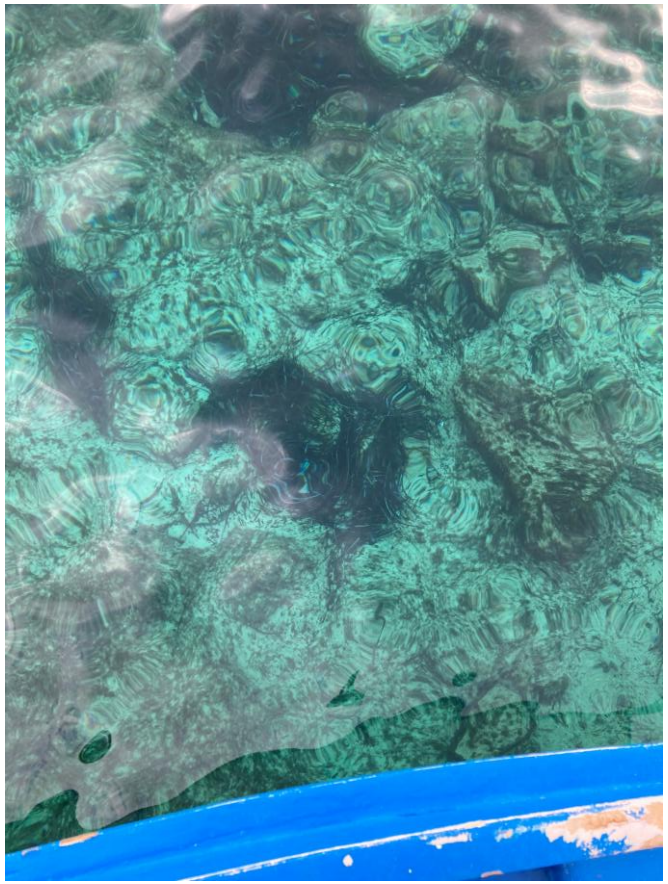

Research of sounds & islands in Malta (2/5)

Riviera Beach, Imġarr

Clean water, but still human activity pollutions:

- Loud music
- Trash

Plastic noise

Research of sounds & islands in Malta (3/5)

Qawra Pool, San Pawl

Underwater biodiversity

Calm but dynamic

Research of sounds & islands in Malta (4/5)

Ħaġar Qim

Prehistory cult of sun – points, pure, warm

Research of sounds & islands in Malta (5/5)

Sunset Cliff, Gozo

Quiet from human activities, but after sunset, birds and insects become active

Workshop: Jumping Island

Step 1: drawing your island, its shape, its colour, its feelings…

Step 2: mapping our islands, the connection, the possible pathways…

Step 3: transform in computer program

Step 4: explore the interactive map !
